VOL. XXVIII.

STANFORD, KY., FRIDAY, JULY 20, 1900. 9 A. M.

NO. 40

IN NEIGHBORING COUNTIES.

S. A. Newell, of Pulaski county, is dangerously ill.

A dispatch says that although Lancaster is a local option town, there are 30 government licenses held there.

The fiscal court at Danville decided not to build an armory. A room over Christman's grocery will be rented.

Lewis Triplett, of Adair, lost two children in as many days. One died of uremic poison, the other of consumption.

Instead of hanging John Gowan for betraying his own daughter, the Adair county authorities sent him to the lunatic asylum.

Adispatch from Pineville says that a posse pursuing Tom Fisher, accused of murdering Sheriff Jarrett, killed him when he attempted to shoot.

The father of E. K. Wilson is seeking a pardon for his son, sentenced for five years, for the killing of Miss Mary Cloyd by criminal abortion at London.

The miners of the Jellico coal district have asked for a conference with the mine operators July 25. They will ask for increased wages and twice-a-month pay-days.

The Adair News says that T. R. Stults had a valuable cow to die and out of sympathy for him, the democrats made him a delegate to the Lexington convention.

New postoffices have been established at Abington, Laurel county, with Flora Probst, postmaster; and at McCracken, Rockcastle county, with I. R. McCracken in charge.

While Mart Masingale, of Wayne, was cutting oats, he took shelter from a shower under a tree. Lightning struck the tree, splitting a slab, which struck and killed him instantly.

Near Jamestown, Marcus Harmon, a 15-year-old boy, went to the field where his father, Sidney Harmon, was at work, and shot him. The shooting is said to have been without cause.

Eugene Triplett and Miss Nannie Triplett, son and daughter of Lewis Triplett, of Columbia, died within two days of each other, the former of uremic poison and the latter of consumption.

Nicholasville is to have a street fair on Aug. 24 and 25. Among the attractions are a balloon ascension, a wire, rope walking, wire-rope bicycle riding, baseball, climbing the greased pole, catching greased pig, etc.

John and Arch Woods, brothers, were tried before Judge Milligan at Richmond, on a charge of detaining Dorcas Hopper against her will. The former was dismissed, but the latter was held over to await the action of the September term of the grand jury, under heavy bond.

Berry Howard, who is charged with being an accessory to the assassination of Gov. Goebel, is in the mountains of Bell county, surrounded by 10 or 20 of his friends, who are armed to the teeth. He wrote to Mr. R. C. Ford, of Middlesboro, saying: "I will never submit to arrest unless I am promised that I may be released on bond. I cannot stand the jail, being used to the free mountain air; I am afraid the confinement in jail will be bad on my health." In another part of the letter Howard says it is his desire to "do the right thing," hence his offer to submit to arrest. He says he can give \$200,000 bond, if necessary.

HORRIBLE.

This fearful story comes from China: Ineffectual attempts have been made to conceal the horrible facts that Admiral Seymour was compelled to shoot his own wounded during the recent disastrous retreat of the Pekin relief expedition. All the wounded and prisoners who fell into the hands of the Chinese were frightfully tortured. The bodies had been cut into pieces. First the eyes had been hacked out; then the cheeks, arms and legs cut off, until death ended the suffering of the poor fellows. When Admiral Seymour in his retreat, found himself so hard pressed that he was unable to longer carry his wounded with him, he asked them: "Which do you prefer, to be left to the mercy of the Chinese or to be shot by your own comrades?" "We prefer death to torture, shoot us now, that we may die like men," was the piteous response of the helpless men. A firing squad was told off, and while the little allied force stopped and beat off with gun fire the Chinese horde that surrounded it, inside its lines an act of mercy was performed as the firing squad carried out its orders. A few merciful volleys from the rifles in the hands of friends and the harassed expedition was relieved of its burden of wounded; the fanatical Chinese horde was cheated of victims for its torture and the sufferings and fears of the unfortunate were brought to an end in an honorable death under their own flag.

Our esteemed contemporaries continue to ask in bold, black face: "Is it right for an editor to recommend a patent medicine?" The answer depends largely upon the rate per line. At five cents he might casually refer to a patent medicine. At 10 cents he should be able to throw considerable enthusiasm into the matter. But at 25 cents, we see no reason why he should not really take a dose three times a day and throw wide open the bowels of his compassion.—Cynthia Democrat.

KINGSVILLE.

Elmer Padgett is very low with typhoid fever. Dr. J. W. Acton is the attending physician. Mr. Doggett, of Harrodsburg, was the guest of his relative, Mrs. B. C. Pennybacker, a few days this week.

Dr. C. M. Thompson says that a great deal of the sickness that is prevalent here just now, is caused from eating the apparently ripe, tho' really unripe, blackberries, i. e. the core is not thoroughly ripe. In about a week the doctor says, they will be healthy.

Those interested have been meeting at the Christian church to make arrangements for the G. A. R., which reunion is to be held again this year at the same place—the W. L. McCarty farm—as last year, and about the same date, early in September. Mr. W. L. McCarty, as before, is the promoter of the enterprise.

Your correspondent sometimes has the misfortune to be a listener to some republican's political "argument" and feels just like writing a letter for the INTERIOR JOURNAL all about politics, but will leave that for older and wiser democratic pens and confine this little pen to the society gossip and other important matters.

Miss Gertie Leach has returned from a pleasant visit to her aunt in Lexington. Born to the wife of Jas. Goode Trusty, a boy. Mafrid Chevalotte has returned from Cincinnati. Mr. and Mrs. Jesse Hukel and baby, of Lexington, are the guests of Mrs. Hukel's sister, Mrs. Jas. McCarty. Miss Minnie Leach, of Lexington, is visiting relatives here. Postmaster J. L. Johnson is in Louisville. Arnold Borglum, traveling P. A. for the Union Pacific, was here to see J. L. Johnson on business. Claude Pennybacker is still on the sick list with little improvement.

IS IT RIGHT

FOR AN EDITOR TO RECOMMEND PATENT MEDICINES?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Craig & Hocker, Druggists.

FOR THE GOEBEL MONUMENT.

TWO GALLANT SOLDIERS CONTRIBUTE.

MANILA, P. I., June 10.—We cannot get so far away that we can not see the INTERIOR JOURNAL, which is more welcome here than in America. The disgraceful assassination of Gov. Goebel makes us desirous of contributing to a monument for the beloved governor of Kentucky so we send \$1 each for that purpose. It delights us to see that Gov. Beckham is in the executive office and heretofore hoping that the true principles of democracy will ever have free course in our beloved State of Kentucky.

A session of the Cabinet was held upon the return to Washington of the president, when it was decided that an extra session of Congress is not deemed necessary, but the president will not hesitate should affairs take a worse turn. It is said that if it proves true that Minister Conger was murdered, an extra session is almost inevitable. Between 10,000 and 12,000 additional troops can be spared from the United States and Cuba, but none from the Philippines.

The allies were repulsed in an attack on Pekin, and with heavy losses. The American ninth infantry alone had 25 per cent. of its men hit, and among the killed is Col. Emerson Liscum, its commander. All nationalities suffered heavily in officers and men. The allied forces took the walled city of Tien Tsin after heavy fighting and great loss. In the attack the allied loss was 733, of which 218 were Americans, and all save 40 in the ninth infantry, which lost its colors, two majors, three captains and four lieutenants.

While the anti-foreign movement is spreading so rapidly in China, that the empire seems likely soon to be at war with the rest of the world, the hopelessness of the Powers is increased by jealousy and dissensions. Prince Tuan is said to have raised nearly a million men against the foreigners, and part of this force has been sent against the Russians in Manchuria. Russia will not recognize a Japanese or British commander. On account of the attitude of Germany and Russia, Japan hesitates about forwarding troops.

At midnight on Monday, James Clark heard his dogs barking near a tree where his young turkeys roost, and, on examination, he found a half grown turkey fluttering about under the tree. He took it by the wing and started to the house with it, thinking it was heavier than it should be, and on examination he found a large spotted snake, five feet long, coiled around it several times. He killed the snake and the turkey died. He has missed them before and he is now satisfied that the snake killed and dragged them away. This is true, and Mr. Clark says that the snake was not a creature of the imagination.

As chairman of the county committee, Senator Farris called the convention to order on Monday. Mr. S. N. Steadman, of Bryantsville, was elected chairman and Tom Wherritt secretary. The chair appointed G. T. Farris, R. H. Tomlinson, I. M. Dunn, T. C. Guiley and Arch Walker a committee on resolutions, who reported in favor of endorsing the Kansas City platform and the candidates named for president and vice president. The committee was divided on the question of instructing for a candidate for governor, and in place of bringing in a minority report, the question was left to be brought up by the convention. The following delegates were sent to Lexington unopposed: G. T. Farris, J. T. Hays, I. M. Dunn, T. C. Guiley, Ed Walker and Wm. Baugman; alternates: G. B. Swinebroad, R. H. Tomlinson, J. S. Dunn, M. D. Hughes, W. L. Lawson, J. E. Robinson. A substitute to the report of the committee was offered by J. T. Hays, favoring instructions for Black, which was supported by G. B. Swinebroad and others, and opposed by I. M. Dunn and several delegates. On a call of precincts, the substitute was lost, the vote being 11 for and 12 against instructions, when it would have been 14 for and 9 against, if three delegates had not ignored their instructions. As I predicted in my last letter, the precincts gave a majority for Black instructions. Of course the three delegates had a right, in one sense, to bolt their instructions, but they, and all who advised it, are accountable to the people. Such conduct is always objectionable, especially in the party ranks, and such proceedings are, in a great measure, the cause of the disorganized condition of our party today. No excuse can be accepted for such proceedings. Black's friends submitted without bolting the convention, when they had a majority of the instructed votes of the county, the vote really being 14 to 9 in favor of Black.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. Such cures are a positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1. Every bottle guaranteed. Trial bottles free at Penny's Drug Store.
